

WEG Watlington Environment Group

We are a voluntary association of local people; our aims are to:

1. Raise awareness of wildlife and environmental issues.
2. Survey, record and monitor local flora and fauna.
3. Conserve and enhance the natural environment and encourage biodiversity.
4. Contribute as appropriate to parish, district, county and national activities.

We go about it by:

1. Holding meetings, with speakers on diverse environmental and natural history subjects, providing a forum for education and discussion.
2. Arranging visits to nature reserves and other sites of interest.
3. Training members in practical conservation and survey work.
4. Carrying out conservation management and survey work in the parish including management of the Watlington Chalk Pits Local Nature Reserve.
5. Promoting ourselves through local media and events.
6. Having a subscription membership to fund speaker meetings and other activities.
7. Circulating a members' newsletter.
8. We will develop and implement other activities which further our objectives.
